

Collective Clean Energy Fund (CCEF) is a mission-first, nonprofit investment fund with energy expertise and flexible capital, filling existing financing gaps to accelerate clean energy adoption. Our vision is a just and equitable transition to a decarbonized economy, with CCEF serving as the North Star for clean energy projects and collaborators across Colorado.

CCEF FAST PACE LOAN

The new FAST PACE Loan program allows eligible property owners to finance energy upgrades with no upfront cost with all the benefits of the CPACE program at a reduced fee structure.

Borrowers can now enjoy a streamlined process with faster processing times!

Origination fees are 2% of total project cost, paid one time at loan closing.
FAST PACE program fees also apply.

WHAT CAN BE FINANCED?

Improvements that result in reduced utility costs, reduced greenhouse gas emissions, increased electrification and/or electrification readiness including:

- Renewable energy systems: solar PV, micro hydro, battery storage
- HVAC systems, heat pumps and heat pump water heaters
- LED lighting and controls
- EV charging infrastructure
- Improvements to building envelope: air sealing and insulation, windows, doors

How to Apply

Follow the steps outlined below to apply for a CCEF FAST PACE loan.

Eligible borrowers include owners of commercial, industrial, agricultural, multi-family and community buildings, including those owned by tax exempt organizations.

Commercial property owners must have no more than one lien on subject property and project cost must be equal or less than \$500,000.

- 1 Visit the CCEF website home page and click on Submit a Project**
- 2 Complete the project information form and attach any additional information**
- 3 CCEF will set up an initial call or Zoom to learn more and discuss options**
- 4 Projects that fit the CCEF mission will be invited to complete a loan application**
