

Collective Clean Energy Fund (CCEF) is a mission-first, nonprofit investment fund with energy expertise and flexible capital, filling financing gaps to accelerate clean energy adoption. Our vision is a just and equitable transition to a decarbonized economy, with CCEF serving as the North Star for clean energy projects and collaborators across Colorado.

Solar for State & Local Governments

Municipal entities and special districts can own a solar energy system and finance 100% of project costs using Tax-Exempt Lease Purchase (TELP). The TELP financing structure can incorporate direct payment from the IRS for qualifying clean energy projects using the new Section 6417 rules under the Inflation Reduction Act (IRA).

New Incentive!

State and local governments can qualify for a direct payment as much as 25.5%
